September 12, 2007

Dear Trade Show Applicant:

Thank you for your interest in the Alaska Wood Energy Conference. Attached please find a draft agenda for the conference and the Trade Show registration form. We are excited at the opportunity to showcase new technology in the area of woody biomass and expect between 150 and 200 participants at the conference. The Conference will be held in Fairbanks, Alaska on November 14th and 15th 2007, at the Chena River Convention Center.

The Alaska Wood Energy Conference Committee is please to be able to offer you the opportunity to participate in our Trade Show. We have very limited space at the Convention Center, and Trade Show participation will be limited to the first 16 companies or individuals that send in their registration. Trade show registration will be \$150.00 per booth and will include one conference registration. Additional attendees can register separately for \$50 each.

We will also be offering non profit organizations the opportunity to have an un-staffed table along the perimeter of the actual conference hall. This space is also very limited and the price for this table display will be \$75.00 which also includes one conference registration.

Please plan to register early to guarantee your company a spot in our Trade Show. Register by September 25th and your company name will be included on the registration form as an exhibitor!

Please contact me at (907) 452-2185 or email Pinkel@investfairbanks.com with any questions and to register for the Trade Show.

Sincerely,

Cassie Pinkel
Project Manager, FEDC
